Traditional Systems

ColorCoat

Laykold® ColorCoat system is a durable, fade and wear resistant, all-weather tennis and athletic surface, designed to beautify asphalt and/or concrete substrates while providing the desired speed of play.

Advantage

Laykold® Advantage system is comprised of factory textured colours using a select blend of silica sands. Batch mixing is simplified, resulting in superior quality control and a consistent surface pace regardless of location or applicator.

ColorFlex

Laykold® ColorFlex system is a highly flexible, premium quality, acrylic surface that is ideal for use with new asphalt pavements and cushioned, free floating, or slip-sheet surfaces that require highly flexible coatings for greater performance and longevity.

Cushion Plus

Laykold® Cushion Plus systems are the tennis industry's premier cushioned hard court surfaces. The Cushion Plus series is comprised of multiple layers of rubber granules and rubber powder encapsulated within our highly flexible proprietary 100% acrylic binder.

Skate-On

Skate-On is a highly durable, 100% acrylic, all weather system, designed for more demanding sports traffic. From outdoor basketball to competitive in-line skating, we've got you covered!

Masters Systems

Masters Color

Our revolutionary Laykold® Masters Color system is a high performance, all-weather, acrylic court surface, using a proprietary blend of factory-texture to ensure exceptional playability and enduring style.

Masters Ultra 3 and Ultra 2

Laykold® Masters Ultra 3 and Ultra 2 are the next generation of liquid-applied cushioned surfaces. Micron rubber particles are sprayed or squeegeed to create a shock-absorbing layer for enhanced player comfort, then finished with factory-textured, premium grade LM TopCoat acrylic colours for long-lasting beauty.

Masters 5, 8, Float and Indoor

Laykold® Masters 5, 8, Float and Indoor are cutting-edge polyurethane/rubber/acrylic composite court systems. Each utilizes a custom pre-fabricated shockpad for advanced player comfort and is coated with LM acrylics for consistent ball bounce, reliable footing and staying power.

Masters Montreal & Masters Rome

Unprecedented in the world of elastic indoor court systems, Laykold® Masters Montreal and Laykold® Masters Rome's engineered plywood HARO® sub-flooring promotes speedy installation. It provides superior force reduction properties with Laykold® Masters acrylics completing this extraordinary system.

Laykold® is a registered trademark of APT Corporation

Laykold® is an acrylic sports surfacing system that can be customised to achieve the desired performance, playability and appearance, making it an incredibly cost-effective way to breathe new life into asphalt or concrete surfaces. It is easy to maintain, and re-coating can extend a court's playing life or transform it completely.

Laykold® is the official surface of the Miami Open and has been since 1984. It is a popular choice for community-funded facilities as they find new ways to increase utilisation and physical activity. The same systems are being installed at clubs and schools as they introduce a new generation of players into the sports through HotShot and NetSetGO. **Laykold®** is manufactured by APT Asia Pacific in our ISO 9001 Certified factory in Melbourne. APT

Asia Pacific is a global leader in the development and manufacture of innovative, high performance and environmentally-friendly sports and recreational surfacing systems. The complete range includes synthetic grass for every application as well as polyurethane-based surfaces for athletics, indoor gymnasium flooring, and children's playgrounds.
